

Here is the information issued on the 18th of February. Please pay close attention to the latest information.

To the foreign residents

Though we give you various information here please look into page 2 of the homepage or call if you need more details.

Please pay special attention to infection of Novel coronavirus!

In China and Japan some people have contracted a coronavirus. Even in Aichi, some got a coronavirus related pneumonia. For prevention please wash your hands and wear masks. It is the same procedure in influenza prevention.

「Be careful of infection of Novel coronavirus

- When you cough and sneeze, or become feverish, please wear a mask.
- When you come home, please wash your hands and gargle your throat.

When you develop a fever and cough

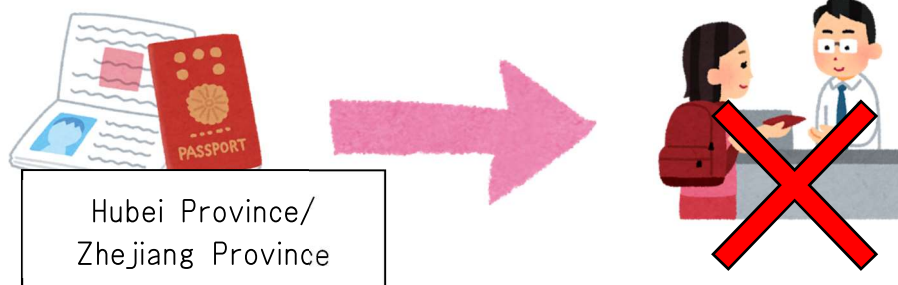

- If you develop a fever, please take your temperature daily.
- Please call your nearest health center, when you are under such conditions as ①②③.
 - ① You have run a fever over 37.5°C for more than four days.
 - ② You have not got rid of your cold for more than four days.
 - ③ When you breathe with difficulty or you feel very exhausted.
- Please go to see the doctor in the hospital that the health center staff has told you to go to.

To foreigners who are going to China

You will find it hard to come back to Japan from China.

- Those who have the passports issued from Hubei Province and Zhejiang Province cannot enter Japan.

- If you has been to China, you are not allowed to enter Japan without proving that you were not in the Hubei Province and Zhejiang Province.
- Please contact Immigration Services Agency of Japan when you have some questions (in Japanese).
